

**AUTUMN 1 2024****TENZING ROAD**

Dear All,

It has been a busy and productive half term. The learners have been working hard to meet their targets and find individual strategies to help them be successful back at school.

We have enjoyed being outdoors on a Friday and having families visit Centre for tea and cake.

We say goodbye to some learners, who are reintegrating successfully back into school. We wish them good luck and remind them to keep on making positive choices. Remember we will be randomly popping in to say hello!

We look forward to welcoming some new learners after the holiday and a new member to the team– Miss Fuller.

Best wishes,  
The KS3 Team

## LOTC

Friday's have been a success at Hudnall Park, we have learned about wildlife and conservation. We were in awe of seeing the herd of deer and stags roaming free. The learners have found newts and frogs and many other mini beasts. All have enjoyed the freedom of the woods, where they have been able to choose the activities they would like to do. These have included, safely building fires, cooking on the open fire and getting as muddy as they can in the flint pit. The learners have been reinforcing the work they have completed in Centre, such as resilience, as setting a fire does take lots of patience.

## GIVING THANKS TEA

KS3 have been showing gratitude to their families this half term. They planned and made a special giving thanks tea party. The cakes, sausage rolls and sandwiches were delicious. The cakes were amazing, some thought they must be shop brought. We also shared our success books and celebrated the positive progress being made by all. All learners enjoyed sharing the experience with their families and we managed to squeeze 16 extra visitors into our room. Thank you to the families for your support.

## DUAL HUB

After 6 weeks of outstanding engagement on the Dual HUB program, we sadly say goodbye to our first group of the year. Jessie, Jack and Oscar, were amazing from day one. We will all miss you at DESC and we will see you soon when we come to visit you at school. Keep up the good work and remember all that you have learnt at DESC.

## DUAL HUB BOWLING TRIP

The Dual Hub were taken on a celebratory trip to Hollywood Bowl. The group bonded so well in the HUB and again had a fantastic time on the trip.

Unfortunately they couldn't beat Mr Serman, who ended the game with 3 strikes in a row!!

## BOXING

The 12 Week Hub learners have now completed their 6 weeks training at ABC Warriors Boxing club.

A huge thanks to Coach Ethan for the outstanding work and support he has provided the learners. He said "they definitely have a lot of potential to become excellent boxers as long as they continue to train hard and keep going. I will miss the group but not miss how hard they can hit the pads".
